

# P YASHWANTH

BTech Computer Science and Engineering Student | REVA University

ugcet2501879@reva.edu.in | Bengaluru, Karnataka, India

## PROFILE

---

Second-year Computer Science and Engineering student interested in AI, machine learning, computer vision and software development. Building programming fundamentals through coursework, coding practice and an AI video-analytics concept project.

## EDUCATION

---

### BTech - Computer Science and Engineering

REVA University, Bengaluru

2nd Year | 3rd Semester

## TECHNICAL SKILLS

---

Programming (developing): C, C++, Java, Python, SQL

AI / Computer Vision (learning): Artificial Intelligence, Machine Learning, OpenCV, YOLO, object detection

Computer Science: Data structures, algorithms, OOP, DBMS, problem solving

Tools and web: Git, GitHub, VS Code, HTML, CSS, JavaScript

## PROJECTS

---

### AI Video Analytics for Border Surveillance

Hackathon / concept project

Concept for adding intelligent monitoring to existing CCTV infrastructure. Proposed capabilities include person and vehicle detection, restricted-zone intrusion detection, event logging, and an alert/dashboard workflow with SQL integration.

Technologies considered: Python, OpenCV, YOLO, SQL

### Programming and Algorithmic Problem Solving

Ongoing practice in data structures, algorithms and programming fundamentals.

## CODING PROFILES
